

SPRING 2003 REGISTRATION INFORMATION

The tables below contain registration information for the spring 2003 semester. You may find this information useful in planning your lottery requests for the coming year. First-year courses, courses initially restricted to particular LLM concentrations (Comparative Jurisprudence and Intl. Taxation), and courses requiring permission of the instructor have been omitted, since the lottery process does not determine enrollment in them. A "Y" in the "LOTTERY FILLED?" column means that the course was filled to capacity by the registration lottery. "TOTAL ENRL." Is the total enrollment at the end of the drop/add period. "ROOM CAP." is the physical capacity of the room based on the number of seats in the room. "ENRL. LIMIT" is the limit placed on the size of the class by the faculty. The meeting patterns of the courses appear to the right of this information. When considering enrollment information, please keep in mind that enrollment may vary from year to year in the same courses, depending on instructor, time of day and the day the course meets, and the number of course sections offered.
