

HEALTH AND PROPERTY INSURANCE INFORMATION

Law students are enrolled automatically in the NYU sponsored Student Health Insurance Plan (Consolidated Health Plans) as part of the university registration process. “Basic” coverage is the default coverage for office visits, emergency room visits, and some prescriptions. You may upgrade to a “Comprehensive” health coverage plan if you require extensive medical services. If you are not sure whether your needs would be considered extensive, we suggest that you consult the website below for more information.

Alternatively, you may choose to waive health insurance coverage if you maintain other health insurance coverage that is equal to or greater than that of the “Basic.” **The deadline to either waive or upgrade for the Fall term is September 30, 2009.**

Coverage

Basic Health Insurance coverage for the 2009-2010 academic year begins August 21, 2009. Unless you opt for the upgrade by September 30th, you will be enrolled in this plan for the entire academic year.

PERSONAL PROPERTY INSURANCE

New York University does not insure the personal property of its students; this includes property lost, stolen, or damaged in academic and residential buildings. Each resident is liable for his or her personal belongings.

Renters' or tenants' insurance is a form of personal property insurance which can provide coverage at a reasonable cost. If you do not already have a policy that will cover lost or damaged property, you may choose to purchase an insurance policy, some of which are especially designed for university students.
