

- 1. Call to Order at 11:04 AM** **Jordan Chisolm**
 - a. In attendance: Shane Meckler, Manuel Antunes, Carolyn Cole, Courtney Weisman, Jordan Chisolm, Daryl Kleiman, Taaj Reaves, Chris Porcelli, Colinford Mattis, Daniel Cheung, Leah Calvo, Chris Hughes, Chloe Hurley
- 2. Dean's Meeting Recap and Next Steps** **All**
 - a. Dean expressed desire to keep the conversation going about the climate survey, and we want to continue the momentum. Believe that this should always be discussed at Dean's meetings to push the administration to do more.
 - b. Would like to look outside the law school and want to utilize other resources that we have. Is it possible to incentivize professors to implement bias-conscious teaching strategies? Ferguson event provided opportunity for people to speak up, and there seems to be lots of momentum on shifting the curriculum.
 - c. Administration responds better to very concrete and developed action plans that have deliverables and that are pre-vetted. We need to come with something fully baked.
 - d. Will be continuing this discussion through the diversity committee and elsewhere. Dean is open to a one-year diversity report and this is an area where the SBA and student body can be in the driver's seat.
- 3. Treasurer Report/Recommendations** **Treasurer**
 - a. Try to keep discussion on group allocations. If we want to make any other changes with the budget, we don't want to hold hostage the money that can go to groups. Let's try to separate discussion about student group budgets and SBA budget.
 - b. Increase to social budget will go to activities that do not center around alcohol. Social chairs are looking at other sources of funding as well.
 - c. Should consider monitoring what we are funding, and believe we need to take seriously the kinds of events and metrics that we are using.
 - d. *Is it possible for the school to charge less?* Student Affairs has been working hard to lower costs and remove restrictions, but some costs are from outside providers or for labor.
 - e. Motion to adopt student group allocations by Jordan Chisolm. Seconded by Daniel Cheung. Adopted unanimously.
- 4. Election Committee Update** **VP & 3L Reps**
 - a. Voting will happen online next week. Some positions are uncontested, but will still be on the ballot for a vote.
- 5. Board Updates** **All**
 - a. Resolved issue of student who wasn't being allowed to apply for Shanghai. Resolved issue for raising adjunct cap for a student who petitioned.
 - b. Students going abroad are being hit with adjunct cap. Will discuss with Academic Affairs.
 - c. Student Senator's Council – sexual assault prevention campaign, bylaws for judicial board will be changed and report will be published by October 31st; 2031 Construction Plan, Coles will be closed at the end of the year.
- 6. Adjourn at 12:09 PM**

GROUP ALLOCATION TOTAL	\$142,990.00	69.00%
