

## BUCERIUS LAW SCHOOL & HAMBURG

Founded in 2000 by the ZEIT-Stiftung Ebelin und Gerd Bucerius, Bucerius Law School is the first private law school in Germany. Its hallmarks include an international focus, practical approach, performance orientation and attention to the personal development of each individual student. Consistently chosen as the number one law faculty in Germany by several well-respected German rankings, Bucerius is an academic community in which constructive-critical thinking, creativity and leadership skills, as well as a sense of team spirit and openness are cultivated.

Located in the north of Germany, Hamburg is the second largest city in the country with a population of almost two million. It has maintained its Hanseatic style, combining beautiful old architecture and modern buildings. This vibrant harbor city offers something for everyone, from countless theaters and museums, to world-renowned opera and ballet, to non-stop nightlife and concerts.
