

SBA Goals for 2015-2016

- **Diversity and inclusion both inside and outside the classroom**
- **Academic student support to supplement OCS and PILC advising**
- **Transparency and communication**

We know that SBA hardly has a monopoly on good ideas, and we want your help in making meaningful changes over the next year.

Our ideas:

- Required seminar for doctrinal faculty on diversity, sensitivity, and inclusion
- New academic advising model focused on individual support, not panels or class wide-programming
- Formalized student participation in faculty hiring and appointments including adjunct, clinical and tenured professors

Your ideas:

- ?
- ?
- ?

Email us at law.sba@nyu.edu and let us know what you think. We are excited to shake things up a bit and hope you'll help us make some important changes on campus.
